ONE PRODUCT DOES NOT FIT ALL

From restaurants to grocery stores, big box retailers to boutiques, every retail environment is a mosaic of different spaces, each with its own functional needs.

That's why we offer the widest variety of flooring options in the industry — LVT, modular carpet, performance broadloom carpet, superior formulation rubber sheet and tile, VCT, entryway systems, and more.

Together, our legacy of high performance products, amazing visuals, and 21st century technologies work side by side to create cohesive, dynamic spaces that are ready to serve every kind of purpose.

DESIGNED TO COORDINATE ACROSS MULTIPLE PRODUCT TYPES

100+ YEARS MANUFACTURING PREMIUM FLOORING

1 POINT OF CONTACT

“

Twenty years ago, one of my clients, a major retail chain, specified Amtico for all of their new stores. Those same floors are still in place today and have stood the test of time.

Recently, I met with a client that specified LVT in their large-store venture. I introduced Amtico to the management and design teams, and 10 minutes later, they already had changed their specification for 250,000 square feet of flooring to Amtico.

Over the years, I've spent many hours installing all kinds of LVT, but I'm still impressed by Amtico. In my professional opinion, it's the best quality LVT on the market.

TOP OF THE LINE

Using innovative design and proprietary technologies, we have created products that hold up to high traffic in the busiest of retail spaces.

PERFORMANCE TECHNOLOGIES

QUANTUM GUARD® HP
Patented urethane wear layer with aluminum oxide, cured by an ultraviolet process. Exceptional resistance to wear and stains, and lowers maintenance costs.

INFINITY® MODULAR
Modular backing engineered for strong performance, with excellent tuft bind and dimensional stability with pre-consumer recycled content.

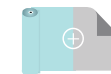

QUICKSTIX
The first integrated LVT manufacturer with pre-applied adhesive; arriving ready to peel, stick, and go. Incredible moisture resistance and quick installation reduces costly renovation downtime.

INFINITY® RE
Revolutionary modular carpet tile backing contains a minimum of 21% total recycled content.

ANTRON® FIBER
Lasts up to 75% longer, with 40% better fade resistance, 65% better soil resistance, & 2.5x better texture retention.

INTEGRA® HP
High performance broadloom backing, with recycled content, provides an impermeable moisture barrier.

XGUARD®
Protects against common stains, for long-term appearance retention and lower total cost of ownership.

ULTRABAC® RE
Performance broadloom backing contains a minimum of 10% post-consumer recycled content.

COLORSAFE®
Proprietary bleach resistant technology protects against color loss from bleach.

REVOLVE®
PVC-free thermoplastic polyolefin modular backing system, containing 35% total recycled content with a minimum of 10% post-consumer.

LOW COSTS, LOWER MAINTENANCE: HARD SURFACE

Our flooring is designed to reduce maintenance efforts and improve ease of cleaning — so retailers can cut costs, and shopping can continue without interruption. Engineered for only the best customer experience.

AT YOUR SERVICE, EVERY STEP OF THE WAY

We're serious about customer service – which is why it's our mission "to be the best people to do business with in the flooring industry."

Both ambitious and intensely practical, this mission guides our associates' decisions and actions, as evidenced by our outstanding record of customer service. Responsive, catering to the needs of each account, and with deep accountability throughout the lifecycle of your project: from specification to delivery, from installation to reclamation.

LOGISTICS

Delivery, project management, and installation are simplified by our ability to ship multiple products from multiple categories in a single shipment.

PEOPLE CONNECTING WITH PEOPLE

Business is best served through people working with people, so your dedicated sales representative is your business champion throughout the entire process.

RESPONSIVE SERVICE

We have expanded our customer service department, modular carpet facilities, and LVT manufacturing to ensure best in class service.

XPRESS PROGRAM

When you really need it now. Our innovative delivery program ensures that your products ship within 5 business days.

WARRANTIES

All our products come with guaranteed warranties ranging from 5 years to a lifetime depending on the product.

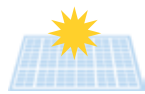

INSTALLATION SERVICES

Technical Services and the installation team help manage the project before, during, and after the installation, providing the best customer experience possible.

21ST CENTURY SUSTAINABILITY

Our approach to sustainability goes beyond any single program or product, taking a holistic perspective by focusing on accountability, transparency, and community.

So, our environmental programs touch all aspects of manufacturing, from public health, safety, energy, materials, and processes, to bringing a responsible end-of-life plan for every product. As a flooring company, we can increase our operational efficiencies and product performance, while decreasing our use of resources and impact on the planet.

SOLAR ARRAYS
One of the industry's largest solar arrays, with 3.3 acres producing 1 million kWh annually.

CLOSED LOOP RECYCLING
Thousands of tons of post-consumer material diverted from landfills and recycled into Mannington products.

ENERGY LEADERSHIP
We have an ongoing partnership with the Department of Energy.

MADE IN THE USA
Deeply committed to manufacturing in 7 communities throughout the U.S.

ENVIRONMENTAL & HEALTH PRODUCT DECLARATIONS
Available for carpet & hard surface products.

3RD PARTY CERTIFICATIONS
ISO 14001, Environmentally Preferable Products, NSF/ANSI-140, NSF/ANSI-332, FloorScore, and Green Label Plus.

WATER CONSERVATION
Reduced water use by 30% company-wide since 2007.

LEED
Mannington Commercial products contribute to multiple LEED credits.

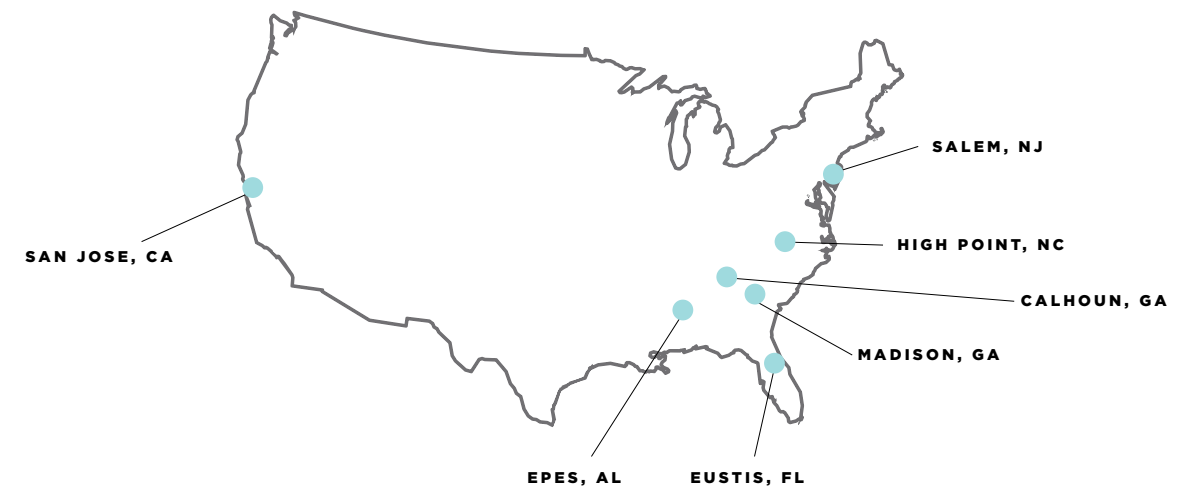

MADE IN THE USA

We are a fourth generation, family-owned company with manufacturing facilities in seven communities across America. We are the only US manufacturer of homogeneous sheet, one of two domestic manufacturers of heterogeneous sheet, and the leading manufacturer of commercial LVT.

Not only does this help support local communities and economies, it also means faster ship times, higher quality control, and better service for our customers.
